

Outstanding Volunteer Bricker Award 2006

Raette J. Duhs

The Outstanding Volunteer Bricker Award is presented to an individual who has distinguished him or herself as a volunteer of OWSA. The award seeks to honor the volunteer who has contributed unselfishly through service and/or leadership to OWSA for a period of at least three years.

Our opening Outstanding Volunteer Award goes to an individual who believes in giving a helping hand to any task she is ask to do for the sake of the Ohio Games

Included among her volunteer Games activities are serving as a helper with the raffle baskets, coordinating the preparation of the athlete's gift bag which have been made available to the athletes largely due to her efforts the last three years and assisting as a food worker.

A person who is willing to help with any task, she has given or herself in helping with the Games by securing and picking up food items and making all sorts of deliveries whether it be ice, water, equipment or even transporting an athlete to an event.

Our volunteer has helped to promote OWSA and the Ohio Games by delivering and setting up display boards promoting the Association at professional conventions such as the Solidarity Conference and remaining with the display to distribute information materials and discuss the Association's activities with those stopping at the display.

For giving of herself through service, we wish to take this moment to honor a truly dedicated and unselfish volunteer, Raette J. Duhs.
